

**White Frustum.** 2022. Assemblage.  $12\frac{3}{4} \times 12 \times 16\frac{1}{4}$  in.

A white inverted square frustum\* centered diamond-like within a black square wood box, bordered at sides and bottom by black wave-shaped moldings. The white frustum, the top of which is capped by a fitted black plane with a circular hole in the middle and at the bottom of which is a small integrated circuit board, is surrounded by black disks in each corner of the box. The box is supported at an angle by a black square frustum affixed at the rear.

\* A square frustum is that portion of a pyramid which remains after its upper part has been cut off.
